Authority and Reference: Pursuant to the authority vested by Section 2615 of the Business and Professions Code, and to implement, interpret or make specific section 2650, 2651 and 2653, the Physical Therapy Board of California is considering changes to Division 13.2 of Title 16 of the California Code of Regulations as follows:

### INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

#### 1) **Amend section 1398.30**

Business and Professions (B&P) Code section 2650 establishes that each applicant for licensure as a physical therapist shall be a graduate of a professional degree program of an accredited postsecondary institution or institutions approved by the board. B&P Code section 2655 establishes educational requirements for the profession of physical therapy. B&P Code section 2651 provides that the physical therapy education programs accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association are approved. The educational requirement to graduate from an approved physical therapy educational program in the United States is now a post-baccalaureate degree. B&P Code section 2653 requires foreign educated graduates to complete, in addition to other requirements, the equivalent professional degree to that issued by a United States accredited physical therapy educational program in a physical educational program that entitles them to practice in the country where the diploma was issued. The new requirement of a post-baccalaureate degree could adversely impact applicants for licensure who graduated from United States and foreign physical therapy educational programs that were approved at the time of their graduation.

As currently written, Section 1398.30 could be interpreted to mean graduates of previously approved educational programs must obtain additional education in order to meet the licensure requirements in California. Amending section 1398.30 to include language that educational programs meeting the requirements of Section 1398.31 at the time applicants graduated will clarify the Board's intent.
